

# DS205: The Course Project Proposal

**Project Members:**

**Mane Davtyan and Anahit  
Baghdasaryan**

## **Food-Delivery System Database**

### **PROJECT DESCRIPTION**

In our project, we will design a Food-Delivery System Database including information about the restaurants, menus, orders, customers, drivers, etc. The database is going to look like a well-known delivery system, Menu. Am, Glovo, Buy. Am, and so on.
